PERSONAL PROJECTS

College Minor Project based on Job Portal (11/2021 - 02/2022)

- I have worked on **Job Portal** web interface(website) and web design as my minor project and used php & mysql as a toolkit for the needs of the projects. This project basically helps job seeker as well as employer for their job and recruitment needs as per their relevance.

College Major Project based on College Fees Management System (05/2022 - 08/2022)

- I have also worked on **College Fees Management System** web interface (website) as my major project which helps college and university and educational facilities fraternities to maintain their student fees record and their respective database. I have used php and mysql toolkit regarding this page.
